Profile

Results-driven **Full-Stack Web Developer** with over **3+ years of experience**, specializing in **frontend development** using **React.js and Angular** while proficient in **backend technologies** like **Node.js and Express.js**. Skilled in leveraging **Redux, Material-UI, Bootstrap, and Power BI** to create dynamic web applications. Experienced in integrating **Generative AI solutions** to enhance data visualization and user interaction. Proven ability to deliver **high-quality, scalable applications** within budget and deadlines across diverse industries, including **government, insurance, telecom, and FMCG**.

Technical Skills

- **Frontend:** React.js, Angular, Redux, Material-UI, Bootstrap, HTML5, CSS3
 - **Backend:** Node.js, Express.js
 - **Programming Languages:** JavaScript, TypeScript, Python (Streamlit)
 - **Tools & Platforms:** Git, Windows, Power BI
 - **Cloud & AI:** Azure, Google Cloud (GCP Associate Cloud Engineer Certified), Generative AI, GPT-based Chatbots.
-

Professional Experience

Tata Consultancy Services | Hyderabad
Assistant System Engineer

February 2022 - Present

Key Projects & Contributions:

Project 1 : Indian Government Portals

- Developed multiple **responsive UIs** using **React.js, Redux, Bootstrap, and Material-UI** for Indian **Government portals** used nationwide.
- Conducted **regular testing and issue resolution** to maintain the stability and performance of **live government servers**.

Project 2 : Insurance Domain (Generative AI Integration)

- Built **responsive UIs** using **React.js, Redux, and Material-UI** for an **insurance client**.
- Integrated **GPT-based chat** for **automated query handling with auto-complete & auto-suggest** features.
- Implemented **GPT-based PDF data extraction** to retrieve information from company policies and provide responses with citations.
- Developed an **interactive chat interface** using **Python Streamlit** for streamlined user interactions.

Project 3: FMCG Client - Power BI Integration

- Integrated **Power BI reports** into a **React.js** application, **reducing dashboard development time**.
- Created dynamic reports with **save and edit functionalities** to enhance **data-driven decision-making**.
- Successfully deployed solutions on **remote servers**, ensuring **seamless performance**.

Project 4: Manufacturing Industry - Generative AI Applications

- Developed and integrated **6+ Generative AI use cases** into **Angular applications**.
- Presented AI-driven solutions at **Innovasta**, receiving **significant recognition** from industry panels.
- Successfully **persuaded clients** to incorporate **AI-based features** into their applications.

Project 5: Telecom Industry - UI Development & BI Integration

- Designed **user-friendly UIs** using **Angular**, enhancing **customer engagement**.
- Integrated **multiple Power BI reports** into **React and Angular applications** to provide **real-time analytics**.
- Developed **GPT-powered chat interfaces** for **enhanced user assistance**.

CERTIFICATIONS AND LINKS

- **Google Cloud Associate Cloud Engineer** (Valid till March 2026 [Credential Link](#))
- **React.js, Node.js, MERN, Cyber Security, Agile** (TCS Internal Certification)
- **Python (Basic)** Certification

KEY ACHIEVEMENTS

- **Optimized Dashboard Development**
*Reduced dashboard development time **by 30%** using integrated Power BI reports.*
- **Enhanced Client Engagement**
*Developed 6 AI use cases, increasing client application engagement **by 25%**.*
- **Developed User Interfaces**
*Implemented responsive UIs used by **5 million users nationwide**.*
- **Successful AI Presentations**
*Presented AI solutions, achieving **80% client onboarding success** for new features.*

Education

Nalla Narasimha Reddy Education Society's Group of Institution.
Bachelor of Technology | CGPA - 6.88

Aug 2017 – Sep 2021
